### Property Team - Church update

We plan to change the heating system in the church sanctuary from the hot water radiators to an air source heat pump system like the one installed in the hall at this time last year. The work will commence on Monday 7<sup>th</sup> October. There will be disruption to activities in the sanctuary particularly on Sunday 13<sup>th</sup> October. Children and Youth activities will continue as normal but there will be no heating in the sanctuary on that day .
